"SEARCH THE DIRECTORY"

Due out by Soon!

www.nde.state.ne.us

The purpose of the **Directory Search** is to provide users access to customized directory information.

Some of the features of the **Directory Search** are:

- Search for ESU's, Districts or Schools.
- Allow a search for specific types, kinds of schools or classes of districts.
- Search for staff assigned to specific positions, subject areas, Schools, Districts, and ESU's.
- Allow the user to create data files or reports.

Until the system is up and running, you may request this type of information through the Data Center by contacting Kathy Heskett at (402) 471-4738 or kheskett@nde.state.ne.us

We appreciate your comments. Comments should be sent to Sue Maxwell at (402) 471-2367 or smaxwell@nde.state.ne.us

STATISTICAL INFORMATION FOR PUBLIC SCHOOL DISTRICTS

A public school district in Nebraska means the territory under the jurisdiction of a single school board. Nebraska school districts are divided into six classifications as follows:

Class 1 - Any school district that maintains only elementary grades;

Class 2 - Any school district with territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades;

Class 3 - Any school district with territory having a population of more than one thousand and less than one hundred fifty thousand inhabitants that maintains both elementary and high school grades;

Class 4 - Any school district with territory having a population of one hundred thousand or more inhabitants with a city of the primary class within the territory of the district that maintains both elementary and high school grades;

Class 5 - Any school district with territory having a population of two hundred thousand or more inhabitants with a city of the metropolitan class within the territory of the district that maintains both elementary and high school grades;

Class 6 - Any school district that maintains only a high school, or only high school and grades seven and eight. The territory of Class 6 districts is made up entirely of Class 1 districts (or portions thereof) that have joined the Class 6.

In 1990, legislation was passed which introduced the term "school affiliation." This law required that by July 1, 1993 all taxable property and all elementary and high school students shall be in school systems which offer education in grades Kindergarten through 12. "Affiliation" creates an ongoing association of a Class 1 district or portions thereof, not part of a Class 6 district, with one or more existing Class 2, 3, 4, or 5 districts for the purpose of 1) providing a high school program for Class 1 students and 2) maintaining a tax support to finance such programs.

The requirement for all students to be in a school system that offers education in grades Kindergarten through 12 has created a system of education partners in Nebraska. For Class 1 school districts their education partners are the Class 2-5 district(s) they have affiliated with or the Class 6 district(s) that they have joined. For Class 2-6 districts, their education partners are the Class 1 districts that have affiliated with or joined their district.

In 1998, legislation was passed which allows school districts to form a unified system. A unified system is two or more Class 2 or Class 3 school districts that participate in an interlocal agreement and is approved by the State Committee for the Reorganization of School Districts. The first unified systems were operational in 1999-00. For statistical purposes, these unified systems are treated as a single school district.

The table in this section lists all of Nebraska's 517 public school districts by county in which the district administration office is located. The following is an explanation of the information that is contained in each column of the table.

County, School District, Education Partner - The large boldface line indicates the county name and number. The next boldface line presents the name of each of Nebraska's school districts. Below each school district, in italics are the education partners for that school district.

When the boldface line is a Class 1 school district, the italicized line(s) below is the Class 2-5 school district(s) that the Class 1 district has affiliated with and/or the Class 6 district(s) which the Class 1 district has joined.

When the boldface line is a Class 2-6 district, the italicized line(s) below is the Class 1 school district(s) or portion(s) thereof which has affiliated or joined with the Class 2-6 school district.

County-District Number - The number assigned to each district by the Commissioner of Education.

Class of District - See preceding definition.

Fall 2002 Membership - Student count by grade levels as of the last Friday in September 2002.

Levies - All levies are expressed in dollars and 10,000th of a cent per $100 of valuation.

General Fund - The boldface line for Class 2-6 districts reflect the actual levies of the district. The boldface line for Class 1 districts does not reflect a General Fund Levy, because the entire district may not be assessed the same General Fund Levy. For Class 6 districts, the general fund levy reflects the K-12 common levy of the Class 1 and 6 system but all other levies reflect secondary education only. However, all other levies specific to the Class 1 district are listed on the boldface line under Total Others. The italicized lines reflect either the affiliated Class 1 and 6 system General Fund Levy(s), as well as any other affiliated system or Class 6 levies assessed by the Class 2-6 district.

Total Others - This column indicates any applicable bond, Special Building "Sinking" Fund, K-8 Qualified Capital Purpose Undertaking Fund (formerly the Hazardous Material Abatement/Handicapped Accessibility Fund), and 9-12 Qualified Capital Purpose Undertaking Fund (formerly the Hazardous Material Abatement/Handicapped Accessibility Fund).

Assessed Valuation

School district – For all classes of school district, the assessed valuation listed on the boldface line is the total valuation of the district.

Education Partner – The valuation on the italicized line reflects the portion of the Class 1 district that has affiliated with the Class 2-5 district or joined the Class 6 district.
